

Terms and Conditions

Introduction

Welcome to **Fluid Power Valve Technologies**. We specialize in the manufacturing and supply of slurry knife gate valves, committed to delivering quality and reliability to our clients in various industries. These terms and conditions outline the rules and regulations for the use of **Fluid Power Valve Technologies'** products and services.

Industry Standards and Affiliations

Fluid Power Valve Technologies is a proud member of the Steel and Engineering Industries Federation of Southern Africa (SEIFSA). This membership underscores our commitment to maintaining the highest industry standards in the manufacturing of slurry knife gate valves. As part of this federation, we adhere to SEIFSA's guidelines and best practices, ensuring that our products and services meet the stringent requirements set forth by the industry. Our affiliation with SEIFSA also enables us to stay at the forefront of technological and regulatory developments within the steel and engineering sectors.

Certification and Quality Assurance

Fluid Power Valve Technologies is ISO 9001:2015 certified, underscoring our commitment to quality management systems and continuous improvement in our manufacturing processes. Our products and services are designed to meet the highest standards of quality and reliability.

Products and Services

Our slurry knife gate valves are engineered for optimal performance in specific industrial applications. Customers are responsible for ensuring that products are installed, stored, and used in accordance with industry standards and applicable regulations.

Intellectual Property

Content published on our website and marketing materials, including images, logos, text, and other materials, is the property of **Fluid Power Valve Technologies** and protected by copyright and intellectual property laws. Unauthorized use of this content is strictly prohibited.

Use of Products

The products manufactured by **Fluid Power Valve Technologies** are intended for professional use. Customers must ensure that products are installed, stored, and used in compliance with applicable standards and regulations.

Limitation of Liability

Fluid Power Valve Technologies shall not be held liable for any indirect, consequential, or special liability arising out of or in any way related to your use of our products or services.

Warranty

We warrant our products against manufacturing defects for a period specified at the time of purchase. This warranty does not cover damages resulting from improper installation, misuse, or normal wear and tear.

Payment Terms & Discounts

Payment terms and discounts are specified in your purchase agreement. Late payments may incur interest and penalties.

Cancellations and Refunds

Orders may be canceled within a specified period, subject to a cancellation fee. Refunds are available under our warranty policy and at our discretion.

Governing Law

These terms and conditions are governed by the laws of South Africa. Disputes will be resolved in South African courts.

Changes to Terms and Conditions

Fluid Power Valve Technologies reserves the right to update these terms at any time. Continued use of our products and services constitutes acceptance of new terms.
